»« Have You Suddenly Stopped Receiving Foundation or SDUHSD Emails? »«

It could be your providers' overzealous spam filters.

The Foundation has recently discovered that TWC/Spectrum roadrunner email accounts are automatically blocking all emails sent from Vertical Response (the Foundation's mass mailing service provider). While Vertical Response works to resolve the issue with TWC/Spectrum, if you would like to continue receiving dedicated emails from the Foundation about upcoming Foundation-sponsored events, please contact marketing@lcchsfoundation.org to provide an alternate email address.

Likewise, Apple has begun aggressively filtering emails from InTouch, SDUHSD's bulk mail service provider. If your district emails have suddenly dropped off, this could be why. To continue receiving bulk District emails, please log into your **parent Aeries account** and change your Apple email (mac.com, icloud.com, me.com) to an alternate provider.

Thank you for your understanding & support!

- Or are you unsure about their choice being the best fit for their natural talents and abilities?

LCC will offer the ASVAB assessment for free on Thursday, October 19. Students will need to get the signatures of their 1-3-5 period teachers and parent/guardian to participate. The results will be calculated and delivered in 6-8 week when the report is received back from the test administrators.

Parking Update:

The LCC upper student parking lot is undergoing construction to add solar panels. The project is estimated to be complete by winter break. Due to the numerous parking spots closed for project construction, administration has temporarily suspended issuing new parking permits while we assess capacity. There is a waiting list in the main office if you would like to add your name. Once the solar panel project is complete, LCC will be a "net zero" school site fully powered by solar. We would like to thank Prop AA and the SDUHSD Board of Trustees for this opportunity to enhance our facilities and efforts towards environmental sustainability. Lastly, ticketing in the parking lot has also started. Click [HERE](#) for a map.
